from the fact, there is no branch of the Imperial Bank of India at Mysore, Silk worm rearers who are mostly small men cannot be expected to use the machinery of a bank for collecting their dues. On the other hand, they would like their dues, which may not in each case be, generally speaking, considerable, to be paid in cash on the spot. This is just what is being done now in the Kollega markets and I see no reason why the same practice which has worked satisfactorily in Kollegal should not be permitted in Mysore. It is necessary if cocoon purchases are to be made regularly to keep large sums of money ranging from Rs.2000 to Rs.5000 with the Filature Representatives or Cashier-clerks proposed to Mysore markets. As the entrusting of large sums of money with these Cashier-Clerks would thus seem to be inevitable, I request that Government may be pleased to sanction the purchase of iron safes, as in the case of the markets in Kollegal Taluk - Vide G.O.No.Ms.1098 Development dated 11.6.43. If my proposal is approved, I intend taking from each of these representatives a security of Rs.1,000/- either in cash or in the shape of Fidelity Bonds. Such securities have been furnished by the market officers in Kollegal Taluk.

I request early orders of Government may issue in the matter.

Sir,

Sub: Industries - Sericulture - Government Silk Filature, Kollegal - Establishment Appointment of Market Representatives - Revised proposals - Submitting.

Ref: (1) My letter No.D.1.3838-44 dated 5th March 1945 -
(2) Government Memorandum No.15051-D/45 dated 22-5-1945.

In my letter cited above, I suggested to Government the appointment on the grade of Rs.55-2 5/2-70 p.m. of 4 Market Representatives who will also be cashiers and the purchase of 4 iron safes and 5 cash boxes. Since submitting my proposals, the General Manager has reported that only two markets in Mysore State have now been allotted to the Govt.Silk Filature. Accordingly only two filature representatives need be appointed and 2 iron safes and 5 cash boxes be purchased. As regards the cash boxes, the General Manager state that two cash boxes will be with the filature representatives at the markets while two more are required for conveying cash to the markets at Kollegal

and Mysore. The Cashier-Accountant also requires a cash box. 12

As the Filature Representatives have to keep cash and purchase large quantities of cocoons at the Mysore markets which are situated in villages, where sufficient Police bandobust does not exist, the General Manager considers it necessary to provide each of them with a peon to render them necessary help. I commend the General Manager's proposal and request that Government may be pleased to sanction it. 1A

Whilst I agree with Government that a security of at least Rs.3000/- should be taken from each of the Filature Representatives either in cash or in the shape of fidelity bonds, I suggest that, in view of the scale of pay proposed, Government sanction the ~~x~~ payment to each representative of a fixed allowance of Rs.5 each p.m. to compensate them for the extra expense to be incurred by them in furnishing this high security. In my opinion it is not fair or reasonable to expect them to furnish ~~xxxxxxxxxxx~~ out of their own meagre funds the premia required for sums above Rs.1000/-. 1B 1C

Sir,

Sub: Industries - Sericulture. Govt Silk Farms, Kollegal. Purchase of raw Sago & Cocoons

The Govt of Madras have decided to appoint two Market Representatives at the two market centres in the Mysore State allotted by the Govt of Mysore for the purchase of Cocoons required for the Govt Silk Farms, Kollegal. It will be necessary for these representatives to

Vide draft-I - Para 1-2 above

keep with them large sums of money entrusted to them for the purchase of the Cocoons direct from the dealers in the Cocoon markets. It is considered that each of them should be provided with an iron safe and two Cash boxes to enable them to keep large cash sums in safe custody and to transmit such Cash between Kollegal & myself. In addition to the four Cash boxes required for the Assistants, as stated above, the Cashier Accountant in the Silk Farms also requires a Cash box. The Capital expenditure involved in the purchase of two iron Safes and five Cash boxes is estimated to be Rs 1250/. I am to request that the Govt of India may kindly be pleased to accord their sanction to the expenditure of Rs 1250/. being incurred on account of the Govt Silk Farms, in the above manner.

It is very difficult to know what action to take on a proposal like this. India consistently seem to refuse to take up firm and robust with H.M.G. ~~strongly~~. Whether India's over-timorous ~~is~~ is a vis H.M.G. or H.M.G. is excessively careful in sanctioning expenditure on this scheme is difficult to decide. We might perhaps forward this proposal with recommendations in continuation of our letter of P.J.C.F. of (6), and also remind them of our reminder with the last sentence of P.J.C.F. The Director states that as the cocoons available in the Kollegal area is not sufficient, a representative of the Filature is sent to Mysore market to purchase cocoons whenever they are available in the Mysore market. He

therefore suggests that 4 Filature Representatives should be posted to 4 important markets in Mysore. It is not clear whether the 4 Filature Representatives proposed to be appointed will have full time work throughout the season. Development Secretary considers that the cocoon position in Kollegal is fairly serious and that it is most important that steps should be taken to improve the position to ensure economic working.

The following remarks are called for.

3. General. It is stated that the Govt. of India have in connection with the proposal for re-tiling the office building and cocoon storage expressed the opinion that they could not approve further expenditure until the views of H.M.G. are known. These remarks would seem to apply also to the present proposal though in view of the serious cocoon position they are not likely to object to the incurring of the expenditure. As the entire expenditure is to be borne by India, it would seem that prior approval should be obtained

to the incurring of additional expenditure.

Employment of 4 Filature Representatives. May be accepted. The staff may be sanctioned for a period of one year or till the need for the employment ceases, whichever is earlier.

Purchase of iron safes and cash boxes (Rs 2,250). It has been stated that the Filature representatives when employed will have to be entrusted with a large amount of cash required for purchasing cocoons and that each of the four representative will therefore require an iron safe estimated to cost Rs 500 eac and a cash box estimated to cost Rs 50 each for taking money to the markets.

Prima facie the procedure intended to be followed seems objectionable. Large amounts of Govt. moneys cannot be entruste to upper division clerks for long periods who will operate in markets individually (unless sufficient security has been furnished). The Director of Industries & Commerce should have indicated what amounts of Govt. money are likely to remain with each Fildture Representative at any one time and what safeguards will be adopted against risks of theft en-reute and against risk of loss my misappropriation or embezzlement by the clerks. It has not been stated whether the clerks will be required to furnish security. Even if they are asked to furnish security for say Rs 500 or Rs 1000 each, it would still be unsafe to entrust (much larger amounts as seems to be the intention) and will not cover the risks of the Govt. considerin the large amount of cash they will be handling without any supe vision or control by the Managers of the Filatures during the period the representatives will be operating in the markets.

The cocoon markets in Mysore are all (presumably) controlled market and sales can be made probably only to authorised dealers. It is not apparent (why) it is essential for these filature representatives to pay cash on the spot for purchases. The following procedure may, it seems, be adopted

The representatives may settle the terms of purchase with the different dealers in a market. As soon as purchases for a day are contracted and prices settled, the representative may intimate the facts at once to the Manager at Kollegal with particulars of names of merchants to whom payments are due, the amounts due, and details of purchases made, and ask for cheques to be sent to him to be given to the merchants. The merchants

can collect the amounts through their bankers in Mysore. (The cheques to be made out by the Manager in favour of each merchant ~~shall~~ would have to be for the amounts due together with the bankers' collection charges). This process will involve a delay of probably 2 to 3 days and the merchants who may be authorised dealers of standing are not unlikely to accept this position when dealing with a Govt. Dept. If this procedure is not feasible for adoption in rare cases of dealings with petty licensed traders, the representatives may be given a small cash imprest on the responsibility of Filature Manager to be accounted for as a permanent advance. Development may be requested to consult the D.I.C. on the above lines; if he does not agree to this procedure, it is up to him to devise a procedure by which the placing of large amounts in the hands of the Filature representatives ~~should~~ be ~~totally~~ avoided.

Presumably the Managers draw cheques for Kollegal sub-treasury. We could hardly expect Mysore merchants to accept these. There would be very long delay in collection. The Managers could perhaps pay by Govt drafts issued on Kollegal on the Imp Bank, Bangalore. We should have to pay commission, as Banga is outside the Provin

The proposal in this file is to post 4 filature representatives (who will also be Cashier) on Rs 55-5/2-70 p.m. to 4 important Cocoon markets in Mysore, to secure the maximum quantity of Cocoons to feed the basins at the Govt. Silk Filatures at Kollegal and to provide them with four iron safes costing Rs 500/- each and four Cash boxes costing about Rs 50/- each. The D.I.C also proposes to provide the Spring Steam Reeler, G.S.F, Kollegal with a reeling unit costing In view of the Serious Cocoon position at Kollegal, this dept support the proposal. 25.7.45 With reference to portion A on page 11 above, it is submi
ted that the fact that the Govt. of India propose to terminate
their contactal obligations with effect from 1-9-'45 seems to
be no reason why this Govt. should accept the liability for the
~~capital expenditure (Rs. 1250)~~ expenditure even now. Finance may adhere to
th that the prior concurrence of the Govt. of India may
first be obtained to the proposed expenditure.

2. As regards a peon for each of the 2 Representatives' proposal may, in the circumstances stated by the Director, be accepted.
